

Country	Comparison with regional average		
	\$ US	\$ PPP	PPP-UN
Guernsey (U.K.)		(same)	
Isle of Man (U.K.)		(lower)	
Jersey (U.K.)		(same)	

#### 8. North America

Bermuda (U.K.)		(same)	
Greenland (Denmark)		(same)	
St. Pierre/Miquelon (France)		(lower)	

*Abbreviations: n.a. = not available.*

*Sources: Armstrong et al. (1998), few own supplements; \$ US and \$ PPP are based on World Bank data from 1993; PPP-UN are based on UN data from 1991.*

*Parentheses indicate estimations, which however appear relatively reliable. Regional averages are based on UN data from 1991 and regional classifications of the World Bank are used (eight regions worldwide).*
